

EIN 86-385931

We are writing to request your consideration for sponsorship for the **2022-2023 Cumberland Vets** travel softball season.

The Cumberland Vets Softball is a group of very talented young girls based out of Toledo, IL. We welcome girls from the surrounding areas as well.

Our Mission: *The Cumberland Vets Softball is a sports organization dedicated to teaching the softball fundamentals and skills while stressing good sportsmanship, leadership, and peer and parent communication through positive coaching. The Vets organization was originally started in 1998 as a baseball team, with the first 10u softball team starting in 1999 and ending in 2010. In summer 2021, there was a need for a softball team for the girls in the community of Cumberland County and the Vets were reborn with 8u, 10u, and 12u teams. Cumberland Vets strive to contribute to our youth by providing the best athletic environment for these young athletes and their families. It is our goal to prepare these girls to learn the game of softball in a fun, healthy, positive, and safe environment. We highlight the importance of respect for parents, teammates, opponents, coaches, and officials. We not only strive to teach game skills, but also life skills, as well as help them build lasting friendships while allowing young athletes to be the best they can be. We want every player to **want** to keep coming back year-after-year to be a Cumberland Vet.*

The Vets organization consists of girls ranging from 8u all the way up to 12u.

These age groups will compete in local competitions through double-header games or tournaments. We plan on each age group hosting their own tournament this season, which will bring teams in from around the state and into our community.

We would greatly appreciate your donation and support for these young athletes. We strive to not make travel softball cost prohibitive on families. Your financial support will go toward equipment fees, tournament fees, uniforms, insurance, umpire fees, and miscellaneous other expenses throughout the season, and help to ease the monetary burden for Vets families.
